Request for Information (RFI) P-61/2020
concerning micronic cartridge filters**

Mekorot Water Company Ltd. would like to receive information concerning available manufacturers or suppliers of micronic cartridge filters. The present RFI request is aimed at companies which would be able to supply Mekorot with micronic cartridge filters for RO desalination plants. The cartridge filters should have the Israeli Standard 5452: "Testing of products for use in contact with drinking water", in accordance with the specifications of the present document.

In case the product doesn't have the Israeli Standard 5452, but has an equivalent international standard (NSF/ANSI 61 or AS/NZS 4020+NSF372), then the manufacturer/supplier will submit the international standard certificate.

The request further describes the technological requirement and the information required from the Respondents. The present request cannot be considered to be a process for supplier selection; in addition, the present request does not constitute an obligation on behalf of Mekorot to hold any further activity following the present process, including future purchases and / or business engagements.
